

Professional Summary

Proactive and detail-oriented ECE undergraduate with hands-on experience in full-stack web development, automation testing, and VLSI design. Strong in problem-solving and building scalable systems. Quick learner and team player with interest in software-hardware integration roles.

Education

2021–2025 **B.Tech in ECE**, Madanapalle Institute of Technology & Science, CGPA: 7.0

2019–2021 **Intermediate (BIEAP)**, Mother Teresa Institute of Science and Technology, Percentage: 72%

Internships

Feb–Mar 2024 **Intern – camplie**, web development

May–Jul 2023 **Intern – Developer**, APSSDC (AP State Skill Development Corp)

Projects

Major Project

Title **Optimizing Floorplan of a Given VLSI Design Using Simulated Annealing and Genetic Algorithm**

Abstract Developed a VLSI floorplanning tool using Simulated Annealing and Genetic Algorithms to reduce chip area and wire length. Tuned parameters for optimal performance and incorporated constraint-based modeling.

SQL Project

Title **Hospital Patient Records Database**

Abstract Designed relational schema, implemented stored procedures, and optimized queries for efficient data retrieval.

Technical Skills

Languages C, Python, MYSQL,Java,Html,Css

Databases MySQL

Tools/Tech MATLAB, Talewindcss,MS Word, Excel, PowerPoint, Google Docs/Sheets

Core Areas VLSI Design, PCB Design, Embedded Systems

Linguistic English,Telugu,Hindi
Proficiency

Certifications

AWS Cloud Practitioner Essentials (NASSCOM)

Python and SQL (Geekster)

Automation Testing, Embedded Systems – Slash Mark

Security Essentials – Browser Attack Protection

Google Analytics Certificate

Extra-Curricular

Participated in project expos, tech fests, web design, and coding contests

Certified soft skill development participant
